About Us

Introduction

Mitra Pratama Agung Holdings (MPA Holdings) is driven by a profound passion and commitment to key industries crucial for Indonesia's economic development and environmental sustainability. The company was founded with a clear vision of enhancing operational efficiency while contributing to the broader growth of businesses across the nation.

At the core of MPA Holdings' approach are the principles of effectiveness and efficiency. Effectiveness involves managing the company with clear coordination and supervision to ensure all activities align with overarching goals, while efficiency focuses on the operational management of its subsidiaries to ensure they operate in line with the established vision. The overarching goal is to build an integrated ecosystem where each subsidiary contributes optimally, reinforcing the collective strength and success of the group.

MPA Holdings focuses on three key sectors: **fisheries, hospitality, and waste management**. In the fisheries sector, the company drives innovation and implements sustainable practices to support local communities. In hospitality, MPA Holdings invests in high-quality facilities and services to enhance Indonesia's tourism industry and establish new standards. For waste management, the company develops advanced solutions to promote recycling and minimize environmental impact. Through these efforts, MPA Holdings aims to become a **world-class company**.

Vision and Missions

VISION

To be a world-class holdings company, driving sustainable growth across all our ventures with a strong commitment to environmental sustainability, while creating long-term value for stakeholders and contributing positively to the community.

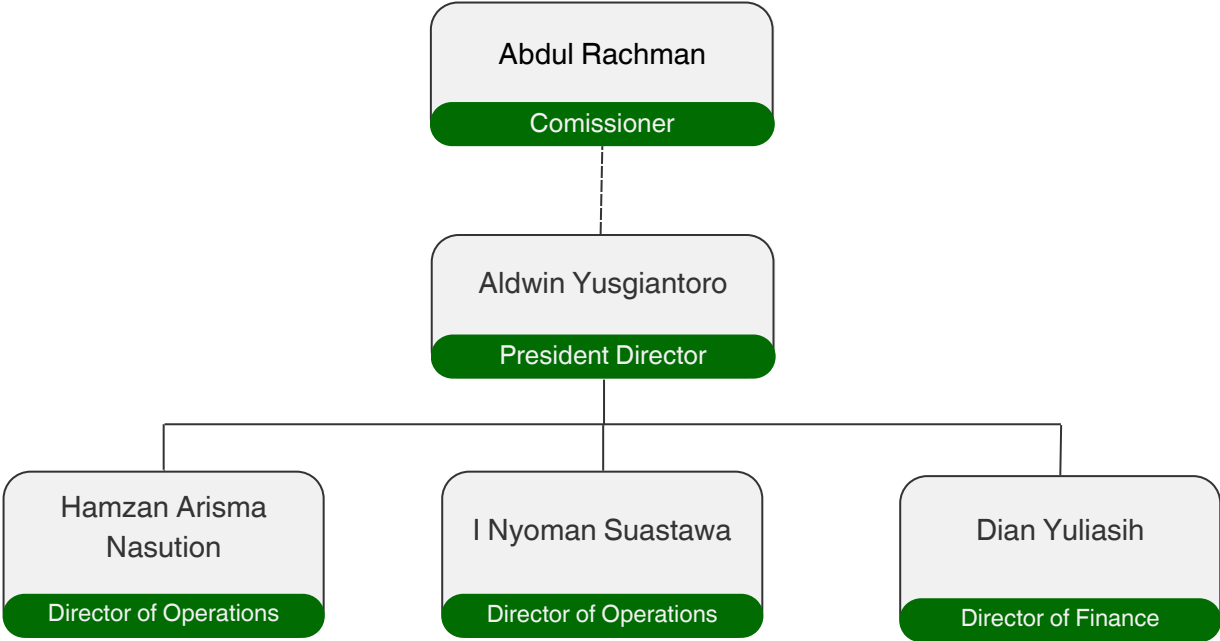

MISSIONS

- Focus on achieving efficient, sustainable growth by driving innovation and optimizing resources across all our operations.
- Comitted to excellence in every company within our portfolio, ensuring adherence to good corporate governance (GCG) principles.
- Ensure that all aspects of our supply chain are aligned with sustainability principles, promoting fair trade, reducing waste, and encouraging the use of renewable resources.
- Actively support local communities and align our efforts with government initiatives to contribute positively to society.

Structure of MPA Holding

The Structure of MPA Holdings in Its Subsidiary Companies

HOLDINGS BOARD

MPA'S SUBSIDIARY

PT. Sinar Bulan Purnama (Seafood)

MPA Holdings supports SBPB Seafood and is deeply committed to growing the fishery industry in Indonesia. MPA Holdings will continue supporting the business to sustain its impact on the expanding fishery market in Indonesia by leveraging local potential for export to the global market

PT Sinar Bulan Purnama Bali

MPA Holdings supports SBPB Bali business since its inception in 2011. As SBPB Bali continues to expand its properties and locations, the business has seen consistent growth. SBP Bali is committed to expanding its presence by transforming into cultural hubs and popular leisure destinations, offering guests an authentic and enriching experience.

PT. Bhumi Putra Perkasa

With a commitment to growing businesses that help the environment, MPA holds a significant stake in BPP and is dedicated to developing it into a leading waste management service to promote more environmentally friendly practices across Indonesia.

PT. Sinar Bulan Purnama Bali

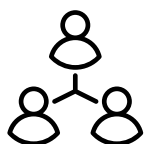

Sinar Bulan Purnama Bali

SBP Bali was established with a profound commitment to advancing tourism and travel in Indonesia. Driven by a grand vision to enhance the global prominence of Balinese culture, SBP Bali has invested significantly in Bali, particularly in South Bali, positioning it as a premier cultural hub and a favored destination for leisure travelers.

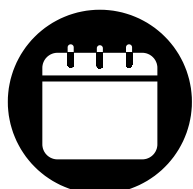

SBP Bali has expanded its footprint, encompassing several hotels not only in Bali but also in Semarang and Puncak. This strategic expansion has enabled SBP Bali to cater to a diverse range of travelers and solidify its status as a leading player in Indonesia's hospitality sector. The company's growth reflects its successful integration of high-quality service with an authentic cultural experience, making it a standout choice for visitors seeking both luxury and local charm.

SBP Bali continues to experience substantial growth and improvement in its facilities and hotels, demonstrating a strong potential for further business expansion. The company's strategic focus on high-occupancy rates and prime locations has positioned it as a leader in the hospitality industry. To streamline and enhance its operations, SBP Bali has established a dedicated line of business under the Kirana Hotel Group, which oversees the management of its diverse portfolio of hotels.

SPB Bali and The Kirana Hotels Group

SBP Bali operates The Kirana Hotels Group, with 5 hotels operating around Indonesia

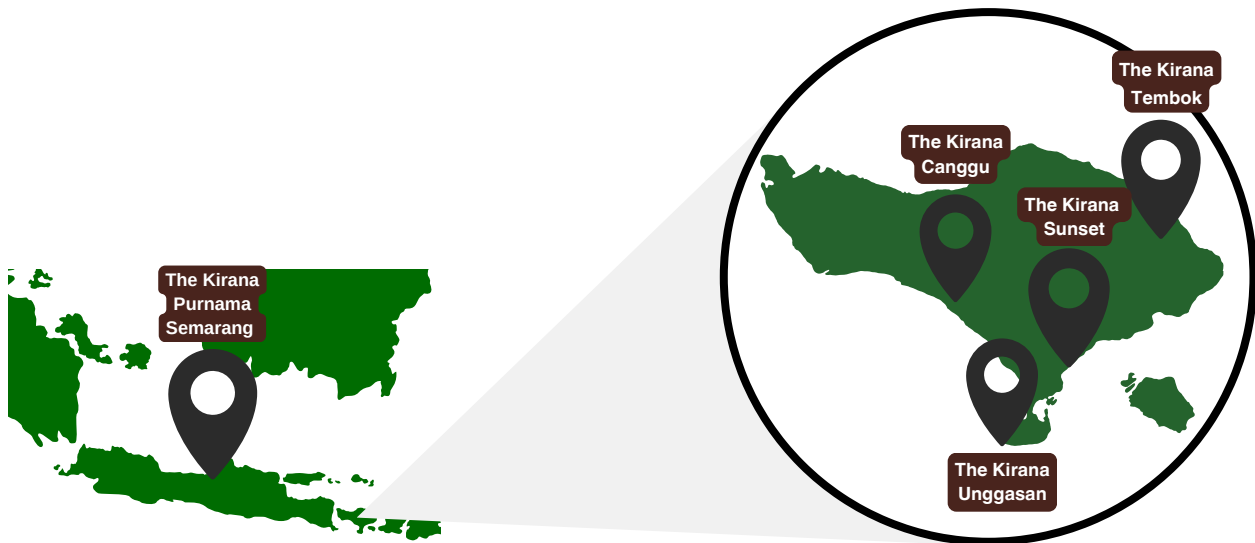

SBP Bali is a hospitality business established in 2011, dedicated to popularizing Indonesian culture and delivering excellent hospitality services. With five hotels across Indonesia, the majority located in Bali, SBP Bali aims to create **new cultural hubs and popular leisure destinations**. The company is committed to expanding its presence by transforming these locations, offering guests an authentic and enriching experience that highlights the beauty and diversity of Indonesian culture.

SBP Bali operates with a focus on developing the **Kirana Hotel Group**, a line of business that oversees some of the finest hotels located in Bali and Semarang. This initiative is part of the company's broader efforts to create exceptional tourism experiences, particularly in South Bali, a region known for its vibrant culture and natural beauty. The Kirana Hotel Group is dedicated to providing top-tier hospitality, ensuring that each guest enjoys a memorable stay.

Among its premier properties is **The Kirana Canggu**, situated in the heart of Canggu, which has transformed into a tropical oasis. This hotel has become a sanctuary for visitors from around the world, offering a unique blend of modern comforts and traditional Balinese charm. The Kirana Hotel Group is committed to expanding and enhancing its offerings, striving to set new standards in hospitality and making Bali a must-visit destination for travelers seeking both relaxation and cultural enrichment. Through these efforts, SBP Bali is solidifying its position as a leader in Indonesia's hospitality industry.

SBP SEAFOOD
E X C E L L E N T C H O I C E

PT. Sinar Bulan Purnama

With a vision to grow Indonesia's fishery industries, rich in natural resources, SBP Seafood is committed to expanding the business by acknowledging the challenges and embracing a sustainability-focused approach, leading to substantial growth.

PT. Sinar Bulan Purnama (SBP Seafood), headquartered in Central Java, Indonesia, is a dynamic Fishery Processing Unit and Trading Company that commenced operations in early 2019. SBP Seafood's core objective is centered on the meticulous production of superior-quality fishery products, meticulously crafted to cater to discerning tastes in overseas markets. With a strategic focus on regions including the United States, Australia, China, Japan, and various Asian countries, we strive to establish a prominent presence and deliver unparalleled value across borders.

At the heart of our success lies a dedicated team of seasoned fisheries professionals who bring unmatched expertise and passion to every aspect of our operations. Our commitment to excellence is further reinforced by our unwavering dedication to customer service, ensuring that each interaction reflects our core values of integrity, reliability, and customer-centricity.

Driven by a relentless pursuit of perfection and a keen understanding of market dynamics, SBP Seafood is poised to emerge as a frontrunner in Indonesia's thriving seafood industry, setting new benchmarks for quality, innovation, and customer satisfaction.

Vision and Missions

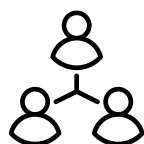

OUR VISION

Our Vision is to become a trusted global class fishery company

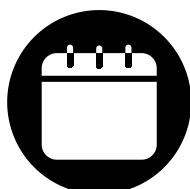

OUR MISSIONS

- Produce high-quality fishery products continuously in accordance with the needs of the market, both domestic and foreign.
- Improve product quality, human resource quality, and service quality to provide customer satisfaction.
- Develop partnership and empower fishing communities to improve the economy and social community.
- Develop Facilities and infrastructure by applying appropriate technology to be able to compete and become superior.

JABON

**PT.Bhumi Putra
Perkasa**

PT.Bhumi Putra Perkasa

As industries continue to grow, there is an increasing risk to sustainability. Recognizing this challenge, BPP Jabon has emphasized the importance of adopting sustainable practices.

To address industrial waste issues, PT. Bhumi Putra Perkasa was established with the goal of becoming a mutually beneficial partner for industries dealing with hazardous (B3) and non-hazardous waste. By embracing the 3R concept (Recycle, Reuse, and Recovery), the management of hazardous waste becomes more environmentally friendly and cost-effective.

With a team of experienced professionals in hazardous waste management and the latest technology, we provide comprehensive solutions from start to finish. We ensure full regulatory compliance for both hazardous and non-hazardous waste, offering complete and efficient waste management services.

BPP Jabon is in the process of starting operations and will be launching its services soon.

Introduction

PT. Bhumi Putra Perkasa was established with the goal of becoming a mutually beneficial partner for industries in managing both hazardous (B3) and non-hazardous waste.

By adopting the 3R principles — Recycle, Reuse, and Recovery — the management of hazardous waste (B3) becomes more environmentally friendly and cost-efficient.

Coordinates: 7°32'40.3" S, 112°44'53.9" E

Land Area: 2,520 m²

Our Services

Hazardous Waste (B3) Drainage and Cleaning

PT. Bhumi Putra Perkasa is ready to assist industrial clients with various waste-related issues, including pond/WWTP drainage, tank/contaminated site cleaning, and hazardous waste (B3) packaging.

Tank Drainage and Liquid Waste Handling

Liquid waste from ponds, such as rinsing solutions from metal plating industries, is transferred into IBC tanks. The B3 waste is then processed through an electrocoagulation-based WWTP system.

Hazardous Waste (B3) Transportation

Rinsing wastewater is packaged in IBC tanks and treated via electrocoagulation. Bulk waste transportation is also provided for B3 waste types such as fly ash/bottom ash, which are then utilized as raw materials for producing paving blocks or bricks.

Our Commitment

Each transportation of B3 and non-B3 waste by PT. Bhumi Putra Perkasa is closely supervised to:

- Ensure that the waste is properly packaged.
- Ensure that symbols and labels are in accordance with the type of waste being transported.
- Ensure safety during transportation to the treatment or recovery facility.

Licenses

- Recommendation for B3 Waste Transportation issued by the Ministry of Environment and Forestry of the Republic of Indonesia
- Operational Feasibility Certificate in the field of Hazardous Waste (B3) Management for Waste Treatment Activities
- B3 Waste Transportation Permit issued by the Ministry of Transportation of the Republic of Indonesia
- Hazardous Waste Manifest with registration code: SK.818/MENLHK/SETJEN/PLA.4/7/2023
